

“Knockin’ on the Harbor Door”  
(tekst Manon, melodie van ...Bob)

Pilot, take this ship from me  
I can’t sail her anymore  
(oh) The land is closing in on me  
Feel like I’m knockin’ on the harbor door

Knock, knock, knocking on the harbor door  
Like 10.000 times before  
Knock, knock, knockin’ on the harbor door  
Just like so many times before

Captain make the course ONE – O – THREE  
If you’re fucked up, it wasn’t me  
Please don’t crash your ship on the shore  
When you’re knockin’ on the harbor door

Knock, knock, knockin’ on.....

Father take it easy when you’re rowin’ home  
Know you never have to be alone  
But when you can’t take it anymore  
Know, you can always knock on that harbor door

Knock, knock, knockin’ on....
